

Welcome to St. Joseph's Hospital

For the safety of clients and staff, please follow these directions during your visit today. If at any time a visitor fails to follow these rules, we will be forced to discontinue future visits:

Clean your hands. When you arrive, clean your hands using hand sanitizer, rubbing thoroughly over all areas of your hands.

Wear a mask. You should bring your own cloth mask or face covering for visits. We will provide you with a mask if you don't have one and provide instructions on how to put it on, if needed. You must continue to wear your mask at all times during the visit.

Stay in designated areas. To beat COVID-19 we need to follow public health advice. Please help our staff by keeping to designated visiting areas and please note that washrooms will not be available to guests during these visits.

Maintain physical distance. We know, this one's hard. But for everyone's safety, avoid physical contact during your visit and do your best to stay two metres (six feet) apart at all times.

Clean your hands (again). Before you leave, clean your hands thoroughly using an hand sanitizer. If you're wearing a home-provided surgical mask please dispose of it in the receptacle provided.
