To the Board of Directors of
St. Joseph's Care Group

We have audited the accompanying financial statements of St. Joseph's Care Group which comprise the statement of financial position as at March 31, 2016 and the statements of operations, changes in net assets, cash flows, and remeasurement gains and losses for the year ended March 31, 2016, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of St. Joseph's Care Group as at March 31, 2016 and its operations, changes in net assets, cash flows, and remeasurement gains and losses for the year ended March 31, 2016 in accordance with Canadian public sector accounting standards.

St. Joseph's Care Group

Notes to the Financial Statements

March 31, 2016

[Thousands of Dollars]

GENERAL

St. Joseph's Care Group ("Care Group") was incorporated under the laws of Ontario as a corporation without share capital on August 12, 1976. Its principal activity is delivering programs in complex continuing care, seniors care, rehabilitation, addictions and mental health. St. Joseph's Care Group is a registered charity under the Income Tax Act, and operates under the sponsorship of the Catholic Health Corporation of Ontario.

The Care Group is funded primarily by the Province of Ontario in accordance with funding policies established by the Ontario Ministry of Health and Long-Term Care ("Ministry") and the North West Local Health Integration Network ("NWLHIN"). Any excess of revenue over expenses earned during a fiscal year may be retained by the Care Group. The Ministry's stated policy is that deficits incurred by the Care Group will not be funded, and this policy has been consistently followed. Therefore, to the extent that deficits are incurred and not funded, future operations may be affected. The NWLHIN provides operating funding including base funding, which is expected to be received on an annual basis, and special funding, which is non-recurring in nature, and consequently is unconfirmed for future years.

If the Care Group does not meet certain performance standards or obligations, the NWLHIN has the right to adjust some funding streams received. Given that the NWLHIN is not required to communicate funding adjustments until after the submission of year-end data, the amount of revenue recognized in these financial statements represents management's best estimates of amounts earned during the year.

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with Canadian public sector accounting standards for government not-for-profit organizations, including the 4200 series of standards, as issued by the Public Sector of Accounting Board. The financial statements have been prepared within the framework of the accounting policies as summarized below:

Fund accounting

The accounts of the Care Group are maintained in accordance with the principles of fund accounting whereby separate accounts are maintained for each fund, as explained below, to ensure observance of the limitations and restrictions placed on the use of particular assets.

Unrestricted Fund

This fund is used to account for operational and administrative revenue and expenses.

St. Joseph's Care Group

Notes to the Financial Statements

March 31, 2016

[Thousands of Dollars]

Restricted Benefits Fund

The Care Group has adopted an administrative services only funding arrangement with a group insurance plan provider. Under the arrangement, the Care Group manages its benefit premium changes as a form of self-insurance. This fund is internally restricted and consists of reserve and deposit account balances which have been contributed proportionately by the Care Group and its employees.

Capital Expenditure Reserve Fund

This Reserve is internally restricted and is to be used to finance replacements or additions to buildings, furniture and equipment and/or leasehold improvements for the Care Group.

Restricted Replacement Reserve Fund

Under the terms of the Canada Mortgage and Housing Corporation mortgage referred to in note 5, the Care Group is required to maintain a Replacement Reserve Fund. The Replacement Reserve Fund is externally restricted and is to be used to finance replacements of equipment and furniture in the P. R. Cook Apartments.

The Care Group is maintaining a Replacement Reserve Fund for the Sister Leila Greco Apartments. This Replacement Reserve Fund is internally restricted and is to be used to finance replacements of equipment and furniture in the Sister Leila Greco Apartments.

Residents' Trust Fund

The Residents' Trust Fund consists of amounts held in trust for the residents of the Bethammi Nursing Home, St. Joseph's Hospital, Hogarth Riverview Manor and Lakehead Psychiatric Hospital. These funds are not reflected in these financial statements [note 15].

Property and equipment

Property and equipment are initially recorded at cost. Such cost includes financing and other expenses incurred during the period of construction.

Normal maintenance and repairs are expensed as incurred. Amortization is provided on the straight-line basis at the rate of 2.5% for buildings, 6.67% to 20% for furniture and equipment, 20% for site improvements and 2.5% to 5% for leasehold improvements.

It is expected that these procedures will charge operations with the recorded cost of the property and equipment over their estimated useful lives.

Construction-in-progress is stated at cost, which comprises all direct and indirect costs of construction. Construction-in-progress is transferred to land improvement, buildings and building service equipment and amortization of the asset commences when construction is complete and the facility commences operations.

St. Joseph's Care Group

Notes to the Financial Statements

March 31, 2016

[Thousands of Dollars]

Revenue recognition

The Care Group follows the deferral method of accounting for contributions which include donations and government grants.

Under the Health Insurance Act and Regulations thereto, the Care Group is funded primarily by the Province of Ontario in accordance with budget arrangements established by the Ministry and the NWLHIN. The NWLHIN has been given the mandate for planning, integrating and funding health care services.

Operating grants are recorded as revenue in the period to which they relate. Grants approved but not received at the end of an accounting period are accrued. Where a portion of a grant relates to a future period, it is deferred and recognized in that subsequent period. These financial statements reflect agreed arrangements approved by the Ministry.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions other than endowment contributions are recognized as revenue in the year in which the related expenses are recognized. Contributions restricted for the purchase of property and equipment are deferred and amortized into revenue on a straight-line basis, at a rate corresponding with the amortization rate for the related property and equipment.

Endowment contributions are recognized as direct increases in endowment net assets.

Contributed services

A substantial number of volunteers contribute a significant amount of their time each year. Due to the difficulty of determining the fair value, contributed services are not recognized in the financial statements.

Inventory

Inventory of general, medical and surgical supplies is valued at the lower of average cost and replacement value, whereas drugs are carried at cost on a first-in, first-out basis.

Post-employment benefits and compensated absences

The Care Group provides post-employment benefits and compensated absences to certain employee groups. These benefits include health, dental, life insurance, and non-vesting sick leave. The Care Group has elected to recognize all unamortized balances in accumulated surplus/deficit as of April 1, 2011 and adopted the discount rate based on the Care Groups borrowing rate.

The accrued obligation was updated to reflect the appropriate attribution under PS 3250/3255.

St. Joseph's Care Group

Notes to the Financial Statements

March 31, 2016

[Thousands of Dollars]

Compensated absences

Compensation expense is accrued for all employees as entitlement of these payments are earned, in accordance with the Care Group's benefit plans for vacation, statutory and retirement allowances.

Management's estimates

The preparation of financial statements, in conformity with PSAB for Governments Not-for-Profit Organizations, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. These estimates and assumptions are determined using a consistent approach year over year. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent; however, actual results could differ from those estimates.

Financial instruments

The Care Group classifies its financial instruments as either fair value or amortized cost.

Instruments that are recorded at fair value are initially recognized at cost and subsequently carried at fair value. Unrealized changes in fair value are recognized in the statement of remeasurement gains and losses until they are realized, when they are transferred to the statement of operations. Where a decline in fair value is determined to be other than temporary, the amount of the loss is removed from accumulated remeasurement gains and losses and recognized in the statement of operations. On sale, the amount held in accumulated remeasurement gains and losses associated with that instrument is removed from net assets and recognized in the statement of operations.

Fair values are based on quoted market values where available from active markets, otherwise fair values are estimated using a variety of valuation techniques and models. Transaction costs are expensed as incurred.

Instruments that are carried at amortized cost include accounts receivable, accounts payable – LHIN, accounts payable and accrued liabilities and long-term debt. They are initially recognized at cost and subsequently carried at amortized cost using the effective interest rate method, less any impairment losses of financial assets.

Transaction costs related to financial instruments in the amortized cost category are added to the carrying value of the instrument.

Derivatives

The Care Group has entered into interest rate swap agreements as an economic hedge to manage the volatility to interest rates relating to its debt. Derivatives are initially recorded at fair value and are revalued at each financial statement date using fair value.

4. CONSTRUCTION-IN-PROGRESS

Construction-in-progress represents costs incurred to date on the construction of the second phase of the Hogarth Riverview Manor building, of which \$2,890 has been spent to date, construction of the LINK of which \$1,807 has been spent to date, and construction of the East Wing Project, of which \$17,143 has been spent to date. Once the construction has been completed, the total cost will be reclassified to capital assets and amortization will commence. As at March 31, 2016, construction-in-progress amounted to \$21,840 [2015 - \$71,383].

On January 4, 2016, residents began occupying phase one of Hogarth Riverview Manor and \$78,453 was transferred from construction-in-progress to buildings.

Sisters of St. Joseph of Sault Ste. Marie		
Interest-free promissory note payable 90 days following written demand. It is not expected that the Sisters will demand repayment within the next twelve months [note 13].	6,225	6,225
	54,573	39,760
Less principal due within one year	(1,521)	(738)
Add fair value adjustment of derivatives	8,288	6,385
Non-current amount	61,340	45,407

Principal instalments required in each of the next five years are as follows:

	\$
2017	1,521
2018	1,664
2019	1,740
2020	1,816
2021	1,900
Thereafter	45,932

The Care Group has entered into three interest rate swap agreements with the Royal Bank of Canada.

The first loan of a notional amount of \$6,500 (\$1,300 and \$5,200) is through an interest rate swap agreement which effectively fixes the underlying rate applicable to this loan at 3.22%. Principal and interest payments commenced September, 2014. The maturity of this swap is July 30, 2021 (\$1,300) and August 31, 2034 (\$5,200).

The second loan of a notional amount of \$32,855 is the mortgage for the first phase of the Hogarth Riverview Manor. Principal and interest commenced December, 2015. This loan is through an interest rate swap agreement which establishes the rate applicable to this loan at 3.74%. The maturity of this swap is November 30, 2040.

St. Joseph's Care Group

Notes to the Financial Statements

March 31, 2016

[Thousands of Dollars]

The third loan of a notional amount of \$5,696 is the construction loan for the second phase of the Hogarth Riverview Manor which was entered into in October, 2014. Cash flows from this loan commenced January, 2016 and the loan will reach a value of \$8,200 and principal and interest payments will commence July, 2016. This loan is through an interest rate swap agreement which establishes the underlying rate applicable to this loan at 3.75%. The maturity of this swap is June 30, 2036.

The fair value of the interest rate swap agreements is estimated based on amounts determined by the Royal Bank of Canada using prevailing rates. As at March 31, 2016, the interest rate swap agreements were in a net unfavourable position, representing a liability of \$8,288 [2015 - \$6,385] which is recognized in the statement of financial position and the statement of remeasurement gains and losses.

Available line of credit

The Care Group has an available line of credit of \$5,000 [2015 - \$5,000], of which \$nil [2015 - \$nil] was borrowed at year-end. Interest on the line of credit is calculated at prime less 0.25% [2.6% at year-end].

6. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions related to property and equipment represent the unamortized amount and unspent amount of donations and grants received for the purchase of property and equipment. The amortization of capital contributions is recorded as revenue in the statement of operations.

	2016	2015
	\$	\$
Balance, beginning of year	76,220	62,122

7. POST-EMPLOYMENT BENEFITS AND COMPENSATED ABSENCES LIABILITY

The following tables outline the Care Group's post-employment benefits and compensated absences liabilities and the related expenses.

	2016 \$	2015 \$
Accrued employee future benefit obligations	6,477	6,364
Unamortized actuarial gains	102	113
	6,579	6,477
Less current portion	40	40
Non-current portion	6,539	6,437
Current year benefit cost	415	400
Amortization of actuarial losses	(188)	(139)
Interest on accrued obligation	190	196
	417	457

Post-employment benefits

The Care Group provides extended health care, dental and life insurance benefits to substantially all full-time employees. Some employee groups are entitled to continue to receive these benefits upon early retirement until they reach age 65.

The significant actuarial assumptions adopted in estimating the Care Group's accrued benefit obligation are as follows:

The present value as at March 31, 2016 of the future benefits was determined using a discount rate of 3.75 % [2015 – 3.75%].

Dental costs were assumed to increase to 4.0% per annum.

Extended health care trend rates were assumed to decrease by 0.2% per annum to a rate of 7.4% in 2016 to an ultimate rate of 5.0% per annum in 2028 and thereafter.

Non-vesting sick days

The Care Group has certain employee groups that earn a specified number of days per month for use as paid absences in the event of illness or injury. These days do not vest and are available immediately. Employees are permitted to accumulate their unused allocation each year, up to the allowable maximum (if applicable) provided in their employment agreements. Sick days are paid out at the salary in effect at the time of usage.

9. RESTRICTED REPLACEMENT RESERVE FUNDS

This accumulated fund balance is comprised of the following:

	2016	2015
	\$	\$
P. R. Cook Apartments		
Provision for year	96	96
Interest earned	5	11
Reserve Fund expenditures	(132)	(240)
Decrease in accumulated fund balance for year	(31)	(133)
Accumulated fund balance, beginning of year	807	940
Accumulated fund balance, end of year	776	807
Sister Leila Greco Apartments		
Provision for year	400	400
Interest earned	5	5
Reserve Fund expenditures	(21)	(14)
Increase in accumulated fund balance for year	384	391
Accumulated fund balance, beginning of year	799	408
Accumulated fund balance, end of year	1,183	799
Total accumulated fund balance, end of year	1,959	1,606

10. STATEMENT OF CASH FLOWS

The net change in the non-cash working capital accounts related to operations is represented by the following:

	2016	2015
	\$	\$
Decrease (increase) in current assets		
Accounts receivable	(3,603)	1,504
Inventory	(92)	80
Prepaid expenses	(1)	43
	(3,696)	1,627
Increase (decrease) in current liabilities		
Accounts payable – Ministry of Health and Long-Term Care/ North West Local Health Integration Network	(946)	(1,249)
Accounts payable and accrued liabilities	3,310	6,567
	2,364	5,318
	(1,332)	6,945

St. Joseph's Care Group

Notes to the Financial Statements

March 31, 2016

[Thousands of Dollars]

11. ECONOMIC INTEREST

The Care Group has economic interest in St. Joseph's Foundation of Thunder Bay. The Foundation's primary purpose is to raise funds from the public and business community to provide funds for the furtherance of the long-term charitable works of the Sisters of St. Joseph of Sault Ste. Marie within the District of Thunder Bay, including St. Joseph's Care Group. During the year, the Foundation granted \$229 [2015 - \$80] to the Care Group for use in the purchase of property and equipment.

12. RELATED PARTIES

The Northwest Health Alliance (NWA) is a not-for-profit organization that was established by 12 of the 13 hospitals in Northwestern Ontario to facilitate collaboration and cost-sharing among health service providers. The NWA is tasked with developing, implementing, managing, operating and distributing products and shared services that will enhance the provision of health care.

13. CONTINGENT LIABILITIES

Sisters of St. Joseph of Sault Ste. Marie

The demand note to the Sisters of St. Joseph of Sault Ste. Marie was issued April 1, 1997 and is subject to a General Security Agreement which outlines collateral provisions and events of default.

This is an interest-free promissory note that is payable 90 days following a written demand from the Sisters. It is not expected that the Sisters will demand repayment within the next twelve months.

Canada Mortgage and Housing Corporation

In conjunction with receiving the Canada Mortgage and Housing Corporation mortgage described in note 5, the Care Group received capital grants in the amount of \$611. Failure to operate and manage the P. R. Cook Apartments within the terms and conditions of the mortgage agreements could result in these grants being repayable.

Ministry of Municipal Affairs and Housing

In conjunction with receiving a Ministry of Municipal Affairs and Housing grant for the construction of Sister Leila Greco Apartments included in deferred capital contributions, the Care Group received a capital contribution in the amount of \$6,600 in 2013. The term of the agreement is twenty years expiring October 28, 2029. Failure to operate and manage the Sister Leila Greco Apartments in accordance with the terms and conditions of the Provincial Contribution Agreement could result in the unamortized portion of the capital contribution being repaid.

[Thousands of Dollars]

St. Joseph's Care Group Operations

The St. Joseph's Care Group is the defendant in a number of legal claims, the outcome of which are indeterminable. The Care Group's management feels that insurance coverage is adequate to cover any potential liabilities.

14. COMMITMENTS

- [a] The Care Group's St. Joseph's Hospital site land and buildings are owned by The Avila Foundation and are leased to the Care Group for a nominal payment annually. The Care Group is responsible for all occupancy costs which include leasehold improvements.
- [b] The Care Group has entered into lease agreements for building space. The leases are for varying terms expiring between 2017 and 2020. In addition, the Care Group has lease commitments for vehicles and equipment. The following minimum payments are required over the terms of the leases:

	\$
2017	18
2018	18
2019	11
2020	6

- [c] Construction projects

Hogarth Riverview Manor

The Care Group has entered into a contract for the construction of a 448 bed long-term care home over two phases. Phase 1 is 100% complete at March 31, 2016 and costs incurred are included in Building and Equipment. Phase 2 of the project costs are reported as construction-in-progress. The total value of the combined project is approximately \$93.2 million and is anticipated to be completed in the fall of 2016. The funding sources for the project include provincial grants of \$28.9 million, Capital Expenditure Reserve Funds of \$23.3 million and long-term financing of \$41 million.

St. Joseph's Hospital - East Wing Project

The Care Group has entered into a contract for the construction of the addition of the East Wing on the Hospital site. The project will provide facilities for the specialized mental health rehabilitation program as well as administrative and support areas. The contract is valued at \$36.3 million. The East Wing is approximately 25% complete at March 31, 2016 and costs incurred to date are reported as construction-in-progress. The East Wing is anticipated to be completed in the fall 2017.

[Thousands of Dollars]

LINK

In September 2015, the Care Group entered into a contract with F. Janzen Drug Limited ("Janzen") to build the LINK. The Link is a building which will physically connect the Sister Leila Greco Home to the new Hogarth Riverview Manor Expansion. Janzen will be responsible for their share of construction and development costs of the LINK (71%) and the Care Group will be the owner of the entire building once completed. The value of the total construction contract is \$4.8 million. Currently \$1.8 million has been spent to date.

15. RESIDENTS' TRUST FUND

The balance held in trust at year-end was \$128 [2015 - \$147].

16. PENSION PLAN

Most of the employees of the Care Group are members of the Healthcare of Ontario Pension Plan (formerly Hospitals of Ontario Pension Plan) ("HOOPP"), which is a multi-employer defined benefit pension plan available to all eligible employees of the participating members of the Ontario Hospital Association. The OPSEU Pension Plan ("OP Trust") is defined as a contributory defined benefit pension plan. Membership within the Plan consists of members represented by OPSEU. Both plans will provide members with benefits based on the length of service and on the average of annualized earnings during the five consecutive years prior to retirement, termination or death, that provide the highest average earnings.

Pension expense is based on Plan management's best estimates, in consultation with its actuaries, of the amount, together with contributions by employees, required to provide a high level of assurance that benefits will be fully represented by fund assets at retirement, as provided by the Plan. The funding objective is for employer contributions to the Plan to remain a constant percentage of employees' contributions.

Variances between actuarial funding estimates and actual experience may be material and any differences are to be funded proportionately by the employees and the employer. The most recent actuarial valuation of HOOPP as at March 31, 2016 for the December 31, 2015 year, indicates HOOPP was 122 per cent funded. Contributions to HOOPP made during the year by the Care Group and its employees amounted to \$11,737 [2015 - \$11,024].

The majority of employees in the OPSEU Union are members of the OP Trust. The most recent actuarial valuation of OP Trust as at December 31, 2015 indicates the Plan remains fully funded. Contributions to the OP Trust made during the year by the Care Group and its employees amounted to \$1,522 [2015 - \$1,548].

17. FINANCIAL INSTRUMENT RISK MANAGEMENT

Credit risk

Credit risk is the risk of financial loss to the Care Group if a debtor fails to make payments when due. The Care Group is exposed to this risk with respect to accounts receivable.

Accounts receivable are due from clients and/or outside agencies. A bad debt allowance is set up based on the Care Group's historical experience regarding collections.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of market factors. Market factors include three types of risk: currency risk, interest rate risk, and equity risk.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Currency risk

The Care Group does not have any material transactions or financial instruments denominated in foreign currencies.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Interest rate risk

Interest rate risk is the potential for financial loss caused by fluctuations in fair value or future cash flows of financial instruments because of changes in market interest rates.

The Care Group is exposed to this risk through its interest bearing investments and term debt. The Care Group mitigates interest rate on its long-term debt through a derivative financial instrument that exchanges variable rates inherent in the term debt for a fixed rate (see note 5). Therefore, fluctuations in market interest rates would not impact future cashflows and operations relating to the term debt.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

St. Joseph's Care Group

Notes to the Financial Statements

March 31, 2016

[Thousands of Dollars]

Equity risk

The Care Group does not have any transactions or financial instruments in the equity market.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Liquidity risk

Liquidity risk is the risk that the Care Group will not be able to meet all cash outflow obligations as they come due. The Care Group mitigates this risk by monitoring cash activities and expected outflows through extensive budgeting.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

18. CAPITAL MANAGEMENT

In managing capital, the Care Group considers its capital to be its net assets, consisting of investment in property and equipment, unrestricted, and capital expenditure reserve funds. The amounts invested in property and equipment ensure that the physical facility is able to provide services. The Care Group's objectives when managing its property and equipment are to safeguard its ability to continue as a going concern so it can continue to provide services and to allow for future expansion. Annual budgets are developed and monitored to ensure the Care Group's capital is maintained to meet these objectives.

19. COMPARATIVE FINANCIAL STATEMENTS

The comparative financial statements have been reclassified from statements previously presented to conform to the presentation of the 2016 financial statements.
