

# New Titles March 2026

***The Clinician's Guide to Suicide Management: A proactive, compassionate approach to manage risk, navigate crises, and minimize hospitalization* / Brasler**

This book moves beyond the traditional crisis response model to focus instead on risk management, therapeutic interventions, and alternatives to hospitalization. Filled with compelling client stories, ethical decision-making trees, and the latest evidence-based research, this book will help professionals keep their clients safe and serve as purveyors of hope.

***Early Exits: Spirituality, mortality and meaning in an age of medical assistance in dying* / Maginley**

Drawing on decades of research and years of experience providing spiritual care to cancer and palliative patients, Maginley illuminates the inner dimensions of dying and how to address the distress that drives MAiD requests. With compelling research, personal stories, and profound spiritual insights, *Early Exits* reframes dying as a transformative process that leads us beyond grief and despair to a state of grace and growth.

***Seating and Wheeled Mobility: A clinical resource guide, 2nd ed.* / Lange & Minkel**

This fully revised edition presents clinical assessment considerations when working with a person with a disability who may need wheelchair seating for postural support and to protect skin integrity, or a wheelchair base to best meet dependent or independent mobility needs. The book is designed to support occupational and physical therapists who are interested in wheelchair seating and mobility assessment and applications.

***Hope for the Best Plan for the Rest: 7 keys for navigating a life-changing diagnosis* / Winemaker & Seow**

Being diagnosed with a life-changing illness can be overwhelming. While your diagnosis cannot be changed, the way you experience your illness can. This book provides a roadmap that every patient and family will benefit from. It's about how to live well, be fully informed, and be activated. How to feel more like a person, not a patient. But most of all, how to be hopeful and prepared at every step along the way.
