## ***Mentorship Unlocked: The science and art of setting yourself up for success / Omadeke***

What is a mentor? Why is having a mentor crucial to success? Or how do I make sure that I'm a good mentor? This book delivers an insightful discussion of mentorship, including what it is, how to find a qualified mentor, and how to make mentorship work for you. It is also an essential read for managers and leaders who aim to better understand one of the most powerful types of relationships for success.

## ***Promoting Occupational Participation: Collaborative relationship-focused occupational therapy / Egan***

This text addresses the fundamental purpose of occupational therapy (OT) – helping others to gain access to, initiate, and sustain occupational participation. It emphasizes that the process of OT is focused on relationships with individuals, families, groups, communities, and populations and builds on concepts and processes to celebrate the strengths, knowledge, talents, and resources of individuals.
