

# New Titles November 2023

**Paralysis Resource Guide** / Christopher & Dana Reeve Resource Foundation

This is a one-stop handbook to help people with paralysis and their families or caregivers navigate the world of paralysis. The topics covered include the various causes of paralysis (stroke, spinal cord injury, spina bifida, etc.) as well as various secondary conditions caused by paralysis (pain, spasticity, bladder management, etc.). Other chapters cover topics that help one live successfully with paralysis, including modification and wheelchair selection.

**Infection Prevention Manual for Construction & Renovation** / APIC

Created to provide resources for infection preventionists developing comprehensive infection control during construction programs, this manual provides policies and procedures, resources, models, examples, and educational material. Material can be used for facilities of different sizes and patient populations both as samples of how other facilities have developed their infection control during construction programs, and as templates.

**In the Shadow of Angels: Intimate stories from a hospice counsellor** / Breiddal

How hospice care professionals manage the emotional tension of being surrounded by sick, dying, and grief-stricken people is unfathomable. This book is a collection of stories on how ordinary people face death and dying. The author reveals the skills needed, along with the struggles and rewards of providing hospice care. Bridging memoir and creative nonfiction, she weaves together theory and practice in the service of the dying and their families.
