

# Psychiatry and Psychology Resources

## SJCG Library

### Journals

SJCG Library subscribes to several print and online journals. For a complete listing and to sign up to receive the **Table of Contents** to your favorite journals, including those listed below, please click [here](#).

#### *American Journal of Psychiatry*

The most widely read psychiatric journal in the world and an indispensable journal for psychiatrists who need to stay on the cutting edge of virtually every aspect of psychiatry.

#### *British Journal of Psychiatry*

A leading international peer-reviewed journal, covering all branches of psychiatry with a particular emphasis on the clinical aspects of each topic.

#### *Canadian Journal of Community Mental Health*

A key resource in furthering the transformation of mental health systems and services in Canada and an important forum for scholars and practitioners within the areas of positive mental health and effective, recovery oriented practices and systems.

#### *Canadian Journal of Psychiatry*

Keeping psychiatrists up-to-date on the latest research for over 60 years, providing a forum for professionals to share their findings, theories and concepts.

#### *Counselor: The Magazine for Addiction Professionals*

The longest running publication in the addiction field and the leading source of practical, how-to information for professionals in addiction treatment and behavioral healthcare.

#### *Psychiatry Drug Alerts*

Monthly newsletters about the efficacy and safety of drugs and therapeutics, containing summaries that can help solve a problem, warn about safety, or reassure you about efficacy.

#### *Psychology Today*

Publishes content written by clinicians, experts and researchers from across the fields of behavior and psychology.

#### *Psychotherapy Networker*

Written with the practical needs of clinicians in mind and celebrated for its engaging style, the Networker is the most widely read publication in the psychotherapy community today.

# Psychiatry and Psychology Resources

## SJCG Library

### *Schizophrenia Bulletin*

Publishes recent developments and empirically based hypotheses regarding the etiology, pathophysiology and treatment of schizophrenia and related disorders.

### Databases

SJCG Library offers several databases that are accessible from your ZenWorks Application Portal. We offer health, research, point of care and drug databases. Each database is

## Psychiatry and Psychology Resources SJCG Library

searchable and where you will find references to published literature, including journal and newspaper articles, government and legal publications, patents, reports, and books. The Library also offers a literature search service to all staff. Request a **literature search** [here](#).

[APA PsycInfo](#) (EBSCO Research Databases) is the American Psychological Association's (APA) renowned resource for abstracts of scholarly journal articles, book chapters, books, and dissertations. It is the largest resource devoted to peer-reviewed literature in behavioral science and mental health. Included is information on the psychological aspects of related fields such as medicine, psychiatry, nursing, sociology, education, pharmacology, technology, linguistics, anthropology, business, law and others.
