

Speech-Language Pathology Resources

SJCG Library

Journals

SJCG Library subscribes to several print and online journals. For a complete listing and to sign up to receive the **Table of Contents** to your favorite journals, including the one listed below, please click [here](#).

[***American Journal of Speech-Language Pathology***](#) / American Speech-Language-Hearing Association.

The scope of this online journal covers the broad field of speech-language pathology, including aphasia; apraxia of speech and childhood apraxia of speech; aural rehabilitation; augmentative and alternative communication; cognitive impairment; craniofacial disorders; dysarthria; fluency disorders; language disorders in children; speech sound disorders; swallowing, dysphagia, feeding disorders; and voice disorders.

Databases

SJCG Library offers several databases which are accessible from your ZenWorks Application Portal. We offer health, research, point of care and drug databases. Each database is searchable and where you will find references to published literature, including journal and newspaper articles, government and legal publications, patents, reports, and books. The Library also offers a literature search service to all staff. Request a **literature search** [here](#).

Books

For a more comprehensive listing of titles in the collection, please visit our online catalogue [here](#). Our loan period is three weeks.
