HRM Décor

We have begun painting home areas with paint colours chosen by our residents to brighten up their space and make their home areas look and feel more like home, painting will be completed by the end of February. Wall mural pictures are also going up in the home area hallways and dining rooms. These changes are based off of DementiaAbility Methods as our home continues to work towards looking and feeling more like home.

Video and Audio Surveillance

If a family member wishes to have a camera set up in their loved ones room please consult with the Manager to confirm it meets the requirements. Cameras should not be in use without proper disclosure to the home.

Masking

All Visitors and Caregivers are strongly recommended to wear a mask in all indoor resident areas of the home, with the exception, that masks can be removed when in the privacy of a residents own room, or when physically eating or drinking with a resident in a communal space, which includes dining rooms.

Caregivers who are entering a home area experiencing an outbreak, are required to wear a mask at all times with the exception of when they are within the privacy of a resident's own room.

Printed copies of this reminder, as well as additional staff, volunteer, support worker, and security protocols, are available at the main desk in town hall.

Laundry / Seasonal Clothing

Please bring any new or seasonal clothing to the nursing station with the residents name and room number to be sent to laundry for labeling.
